Flexistrip Butyl Tape

Code	Description	Price per roll
Size 12mm x 3mm x 15m		
GZ3W	White	£8.75
GZ3B	Brown	£8.75
GZ3BL	Black	£8.75
Size 15mm x 3mm x 30m		
GZ4	White jumbo	£15.90

✓ For installing Single glass and Double Glazed Units into prepared timber windows and doors and steel windows.
✓ Excellent finish
✓ Can be overcoated immediately

More info

Firestrip 60 Tape

Code	Description	Price per roll
Size 20mm x 3mm x 15m		
INT15W	White	£31.62
INT15B	Brown	£31.62

✓ Firestrip® 60 for glazing semi-insulating and insulating glass into timber fire doors or hardwood timber screens with hardwood beads.
Important: The performance of Firestrip® 60 is dependent on the use of suitable fire-resistant glass and suitable frame design.

More info

Ceramic Tape

Code	Description	Price per roll
CER3	White 15mm x 3mm x15m	£17.10
CER6	White 20mm x 6mm x15m	£27.04

✓ Used in conjunction with popular Certifire CF328 & CF257 documents amongst others.
✓ Single sided adhesive on release liner for easy applications
✓ For dry-glazing in timber or steel applications where up to 120 mins integrity is required.

Not generally suited to external applications.

Foam Tape

Code	Description	Price per roll
Size 9mm x 3mm x 25m		
FOAM9D	Double sided	£7.20
Size 12mm x 3mm x 25m		
FOAM12S	Single sided	£10.50
FOAM12D	Double sided	£8.75

✓ Often used to dry glaze frames where some movement may occur after glazing.
✓ Ideal for glazing into green timber.
✓ Also suitable for glazing where quick and easy de-glazing is required (single sided tape only)

Duct Tape

Code	Description	Price per roll
Size 50m		
TICKI38	38mm wide	£3.30
TICKI45	45mm wide	£4.50

✓ Premium quality duct tape with high weave content.
✓ High tack
✓ Can be removed without leaving a residue (if removed within 36hrs).

Flat Rubber Gasket

Code	Description	Price per roll
Size 3mm x 38mm x 5m		
5MRUB	Black	£20.74

✓ EDPM Rubber Gasket for setting glass floors or aquarium/tank walls.
✓ Essential in any installation to prevent hard contact points that could cause damage/breakage to glass. Suitable for straight edge glazing.*

*Bespoke shaped gaskets available on request.

Multipurpose Putty

Code	Description	Price each
DP1	1kg Natural	£3.07
DP2	2kg Natural	£4.92
DP5	5kg Natural	£11.75
DP10	10kg Natural	£20.90

✓ Linseed oil-based glazing putty
✓ Sets hard.
✓ Suitable for external use.
Not suitable for glazing laminated glass or bedding sealed units.

More info

Butyl 66 Glazing Compound

Code	Description	Price each
BU5W	5kg White	£15.80
BU5B	5kg Brown	£15.80
BU10W	10kg White	£30.74

✓ For use as part of a bead glazing system for installing sealed units and single glass into timber frames and for bedding glass into steel frames.
✓ Internal and external use.

More info

Heritage Hybrid Polymer

Code	Description	Price each
HERW	White 290ml	£12.76

✓ Suitable for glazing Single or Laminated Glass where the appearance of a traditional putty front is required such as restoration and replacement of glazing in period and listed properties.
✓ Ideal for glazing heritage units and those with a reduced sightline.

More info

Low Modulus Silicone

| Code	Description	Price each
310ml tube		
LMW	White	£5.56
LMT	Translucent	£5.56
LMB	Brown	£5.56
LMBL	Black	£5.56
Box of 25 tubes		
LMWC	White	£134.50
LMTC	Translucent	£134.50
LMBC	Brown	£134.50
LMBLC	Black	£134.50

✓ For perimeter pointing and sealing around timber, metal and PVCu windows and doors.
✓ Superior quality neutral cure, offering good all-round performance and durability in most construction joints.
✓ Suitable for perimeter sealing around sealed units.

! Note: When perimeter sealing into timber frames, surfaces should be well-primed, sound and dry. Timbers with high acidic content (oaks, accoya) can leach acids into silicones and ultimately into the perimeter sealing of sealed units. In severe cases, this can lead to premature unit failure.

More info

Mirror Adhesive

Code	Description	Price each
310ml tube		
MIRRMAS	White	£6.88
Box of 25 tubes		
MIRMASC	White	£164.50
Mirror-mount tape		
MIRRTAPE	Tape 1.9mm x 5m	£4.38

✓ Excellent adhesion to a wide variety of non-porous surfaces.
✓ Quick high-grab
✓ Capable of supporting 6mm thick mirrors up to 1m2 without the need for mechanical fixings.
✓ Can also be used to mount glass splashbacks

!Note: Mirrors and Splashbacks can have sensitive surface finishes. Bonded surfaces must always be well-primed to prevent leaching and contamination of the fitted item. Never bond mirrors or splashbacks onto bare plaster. Always ensure good ventilation behind mirrors when applying adhesives.

✓ Compatible with conventional mirror lacquers and acrylic glass
✓ Suitable for mounting in the bathroom
✓ High final adhesion

Note: Not suitable for applications exposed to splash water, high condensation and UV radiation
